Pragmatism is a philosophical tradition that began in the United States around 1870. Its origins are often attributed to the philosophers Charles Sanders Peirce, William James, and John Dewey. Peirce later described it in his pragmatic maxim: "Consider the practical effects of the objects of your conception. Then, your conception of those effects is the whole of your conception of the object."

The Knight's weapon of choice is the sword. Swords provide high damage output, but have a very short range. The Knight's high defense and stunning ability makes sword range much less problematic for Knight than it would be for Warrior or Paladin. You may want to refer to this guide for a more comprehensive comparison of all the practical swords available.
